

# Organization Assists Farmers in Need

Tom Sinner recently had the pleasure of working with some volunteers from Farm Rescue, a non-profit organization based out of Horace, ND, that was founded by President Bill Gross, to help farmers and ranchers who have experienced a major injury, illness, or natural disaster. Bob Baumgarten and his son Jeremy are seed growers for the Mapleton location. When Bob recently experienced a heart attack just days before the growing season, they reached out to Farm Rescue for help. The organization expects to help over 60 farmers throughout the entire growing season across six different states. It's sponsors and volunteers come from all over the nation. Pictured above are: (L-R) Bill Robinson and Clay Robertson of Tennessee, and Mike Melaas of Minot, ND. If you're interested in volunteering, making a donation or are in need of assistance visit: [farmrescue.org](http://farmrescue.org)

# Scholarship Available to Remington Families

With the academic year just wrapping up for most colleges we wanted to remind all full time employees with children in college that they may be eligible to receive a Remington Scholarship. If you are a full time Remington employee and you have a dependent attending a trade school or college and need a copy of the eligibility requirements, you can contact your Location Manager or Vicki Kamos via e-mail at [vicki.kamos@remingtonseeds.com](mailto:vicki.kamos@remingtonseeds.com).

# Otte Named to All-State List

Grant Otte, son of Kent and Renee Otte of Ecologic, is shown holding his award from the Minnesota Basketball Coaches Association, recognizing him as an Academic All-State Basketball player for Randolph High School.
